Education Scholarships Program

Problem Statement

Many bright students in Kenya's South Rift region cannot pursue secondary or higher education due to financial constraints, perpetuating cycles of poverty and inequality.

Our Solution

The Education Scholarships Program provides tuition, learning materials, and mentorship for underprivileged students, enabling them to access quality education and unlock their potential.

Key Components

- Secondary and tertiary scholarships for deserving students
- Provision of school supplies, uniforms, and learning materials
- Mentorship and career guidance sessions
- Engagement with parents and communities for support and accountability

Impact Snapshot

- 200+ students supported through scholarships in the first phase
- Increased retention and graduation rates among vulnerable learners
- Empowered youth contributing back to their communities
- Bridging gender gaps in education by supporting girls

Budget Snapshot

- \$500 covers one student's annual secondary school fees
- \$1,000 supports one tertiary student for a year
- \$10,000 funds 20 scholarships for one academic year

How You Can Partner

- Sponsor one or more students for a year or more
- Fund a cohort of scholarships for a school or community
- Provide mentorship, career guidance, or internship opportunities
